ICI C²BRNE DIARY – March 2023

national sense, will accelerate the development of scientific infrastructure and studies on CBRN DEFENSE in our country and related institutions and organizations, will ensure that experts and employees in this field get to know each other, share their work and contribute to the increase of cooperation between them. We hope to be found.

CBRN environment; It covers a large number of dead, injured, and environmental effects, especially those who have been infected with biological warfare agents, exposed to chemical warfare agents and/or toxins, and injured as a result of the effects of nuclear weapons and radiation. The COVID-19 pandemic, which has been affecting the whole world for almost the last 3 years, has enabled us to better understand the Biological threat of the CBRN concept, and in a sense, it has revealed how intense and difficult management of CBRN events can cause and can cause mass losses. The threat of CBRN weapons, which started with the terrorist attack of September 11, 2001, and made a name for itself in the recent Syrian internal conflicts in the Middle East geography, including our country, has taken its place in the asymmetric war, and unfortunately, these agents are expected to be used in both war and terror environment in the future.

We think that this meeting, which will bring together many scientists, public and private sector representatives, will bring together many scientists, public and private sector representatives, based in Istanbul, which is the apple of the world's eye, and present the latest developments and technologies in the field of CBRN DEFENSE, and we think that this meeting will partially fill the deficiency of our Istanbul in this field. At the end of the event, we hope to see all the participants among us who will contribute to the "1st Istanbul CBRN Days", where we aim to raise awareness about CBRN threats and dangers.

You can find more detailed information about the KBRN Days, which we plan to be held in Florya (Halit Aydın) Campus of Istanbul Aydın University on October 20 – 21, 2023, and which we think will create an important added value for our country, at <https://istanbulkbrn.org/>
